

## C3 AI Named to Constellation ShortList™ for Cloud-Based Data Science & Machine Learning Platforms

March 14, 2024

REDWOOD CITY, Calif.--(BUSINESS WIRE)--Mar. 14, 2024-- [C3 AI](#) (NYSE: AI), the Enterprise AI application software company, today announced it was named to the [Constellation ShortList™ for Cloud-Based Data Science & Machine Learning Platforms in Q1 2024](#), marking the fifth year in a row Constellation Research has recognized the [C3 AI Platform](#) as a “solution to know.”

“Year over year, recognition on Constellation’s ShortLists continue to reinforce C3 AI’s leadership and first mover position in a rapidly expanding and increasingly competitive enterprise software market,” said C3 AI CEO and Chairman Thomas M. Siebel. “Our focus remains constant: delivering safe, secure, and effective enterprise AI solutions that drive transformative digital transformation and help our customers realize immense economic benefit.”

Constellation Research spotlighted the unique capabilities and benefits of the [C3 AI Platform](#) — a scalable, end-to-end platform that enables organizations to quickly design, develop, and deploy enterprise AI applications — out of more than a dozen solutions currently available in the market. Organizations across industries leverage the C3 AI Platform to provide predictive insights that improve business operations, ranging from mitigating supply chain risk to predicting maintenance needs.

The ShortList features technology vendors and service providers that deliver critical transformation initiative requirements for early adopters and fast-follower organizations.

“Constellation’s ShortLists play a critical role in accelerating technology buying decisions, and with vendors accelerating their AI capabilities, clients expect our analysts to identify the vendors with real solutions ready for the market,” said R “Ray” Wang, chairman and founder at Constellation Research. “Buy-side clients trust that our analysts have identified the best vendors in each category, including C3 AI and its standout cloud-based ML platform that delivers comprehensive data science tools for developing, deploying, and delivering advanced AI applications quickly.”

Constellation Research advises leaders on leveraging disruptive technologies to achieve business model transformation and streamline business processes. Products and services named to the Constellation ShortList meet the threshold criteria for this category as determined through client inquiries, partner conversations, customer references, vendor selection projects, market share, and internal research. The portfolio is updated at least once per year as the analyst team deems necessary based on market conditions.

### About C3.ai, Inc.
